Michael,

Thank you very much for bringing the Sarasota Military Academy Drumline to The Out-of-Door Academy on March 5th, 2008. It was enjoyed by all and was the topic of conversation throughout the school by both students and faculty. The students exhibited a very high level of discipline and professionalism. Our students are very excited over the prospect of having a drumline here in the near future. Thank you again for the great performance.

Sincerely,
